Q2 Lee County School District's recommendation is to fully return all students to school in grades K- 6. During the school year students will remain in small, assigned groups to reduce the risk of exposure to others. Daily health and safety protocols will be implemented to keep students socially distanced, as feasible, in sanitized areas. How comfortable are you with this model?

Q3 Modifications will be needed to reopen schools in grades 7 and 8 to meet CDC guidelines to the best extent possible. If given a choice, which option would you prefer?

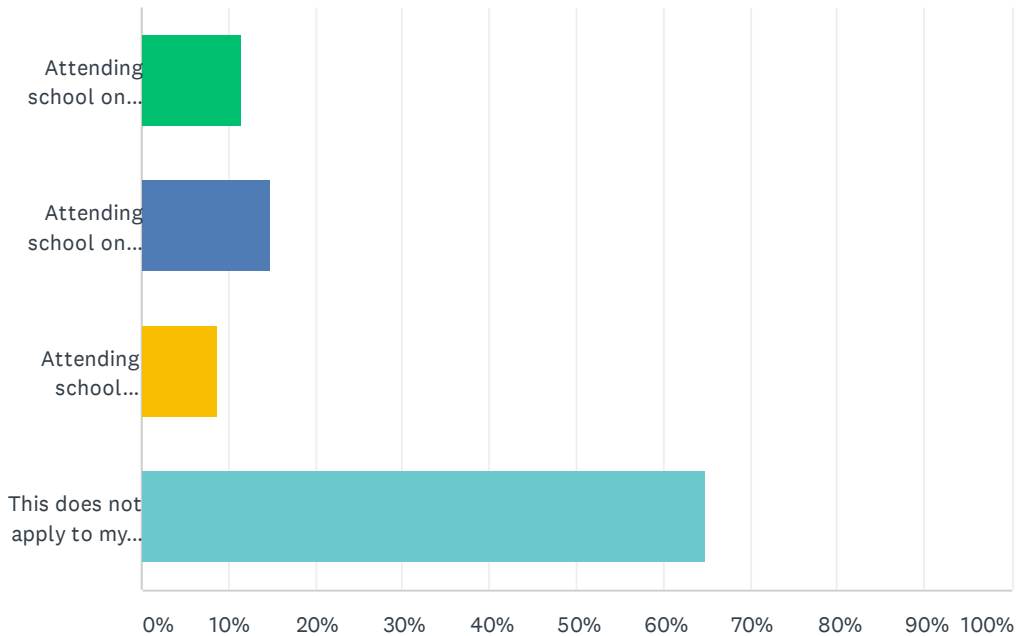

Answered: 2,050 Skipped: 0

ANSWER CHOICES	RESPONSES
Attending school all days of the week (students would be kept in small, assigned groups the duration of the day, electives would be assigned, social distancing practices will be in place as feasible and disinfection best practices will be conducted daily).	20.15% 413
Attending school on alternate days, for example: A combination of physical and virtual attendance on a rotating schedule (physical attendance one week for 2 days and the following week for 3 days; virtual learning on off days).	3.76% 77
Attending school on alternating days, for example: Some students attend physically Monday and Tuesday and learn virtually the rest of the week. Some students attend physically on Thursday and Friday and learn virtually the rest of the week. All students would learn virtually on Wednesdays. Families would not need to keep track of a rotating attendance schedule with this model. This is Lee County School District's model.	10.49% 215
Attending school virtually only.	10.00% 205
This does not apply to my child.	55.61% 1,140

Q5 The Oasis School System will be providing a virtual platform for those families who are not comfortable returning in the fall. Teachers will live stream and record lessons and will be able to regularly interact with their students. Students must stay virtual for the duration of one quarter and will then have the opportunity to change their option to attend physically. Would you consider this plan as an option to return in the fall?

Q6 Transportation for K - 12 students on school buses poses increased risk due to the inability to sufficiently social distance. Until further notice, students will be required to wear a mask if they ride the school's buses unless they have a medical reason that exempts them from wearing one. Knowing wearing a mask on the school bus will be a requirement, will you continue to use the school's transportation services this year?

Q7 For students in grades 6 through 12, to ensure the safety of all students during times when proper social distancing cannot occur, students may be required to wear a mask (i.e. traversing the hallways between classes, riding the school bus, ordering food in cafeteria, returning to school after an illness). Do you agree with our best practice to have students wear a mask during specific times and in specific community traffic areas throughout the school day?
