Good Afternoon Parents and Guardians,

First and foremost, our thoughts and prayers are with the students, staff, families, and law enforcement and emergency teams serving the Parkland community today and undoubtedly, over the next several months.

This unthinkable tragedy in Broward County is sadly, something that we must give considerable attention to, as well as prepare for, and hope never happens. Therefore, my administration and staff is here to assure you that the safety and security of our students is of the highest priority.

Although we cannot divulge operational details, we wanted to share with you that the City of Cape Coral Charter School Authority schools, along with Lee County School District are doing all that we can to ensure the safety and security of all our students, teachers, and staff.

Many of you have been asking your school principals should the unimaginable occur, will we follow active shooter protocols? The answer is "yes." Our teachers and staff are scheduled for additional live training this coming Tuesday, February 20th.

In addition to safety and security training on Tuesday morning, in each school we have certified counselors available to our students should they need them. We also have resources that you can access on the Lee County School District website that our system adheres to as well: <http://www.leeschools.net/school-safety>.

This day and always, please remember the safety and security of our students is a responsibility we take seriously, and personally. We must not forget that we are "Four Schools, One Vision" and this includes in times of greatness and great tragedy. Thank you for your understanding and partnership.

Respectfully,
